DUO TERRA\WRAP® special film for Big Bale production

YOUR BENEFITS

THE POWER WRAP SOLUTION AMONG OUR SPECIAL FILMS

- Superior **tear resistance** (static and dynamic)
- Outstanding **puncture resistance**
- Excellent **adhesion properties**
- Can be easily recycled as **no PIB** is added
- Available with **min. 30% PCR**

DUO TERRA\WRAP© special film for Big Bale production

THE VERSIONS

- Width: 500 mm / 750 mm
- Adhesive on the inside or outside
- Transparent or coloured
- Individual thicknesses/versions possible

PRINT FINISHING

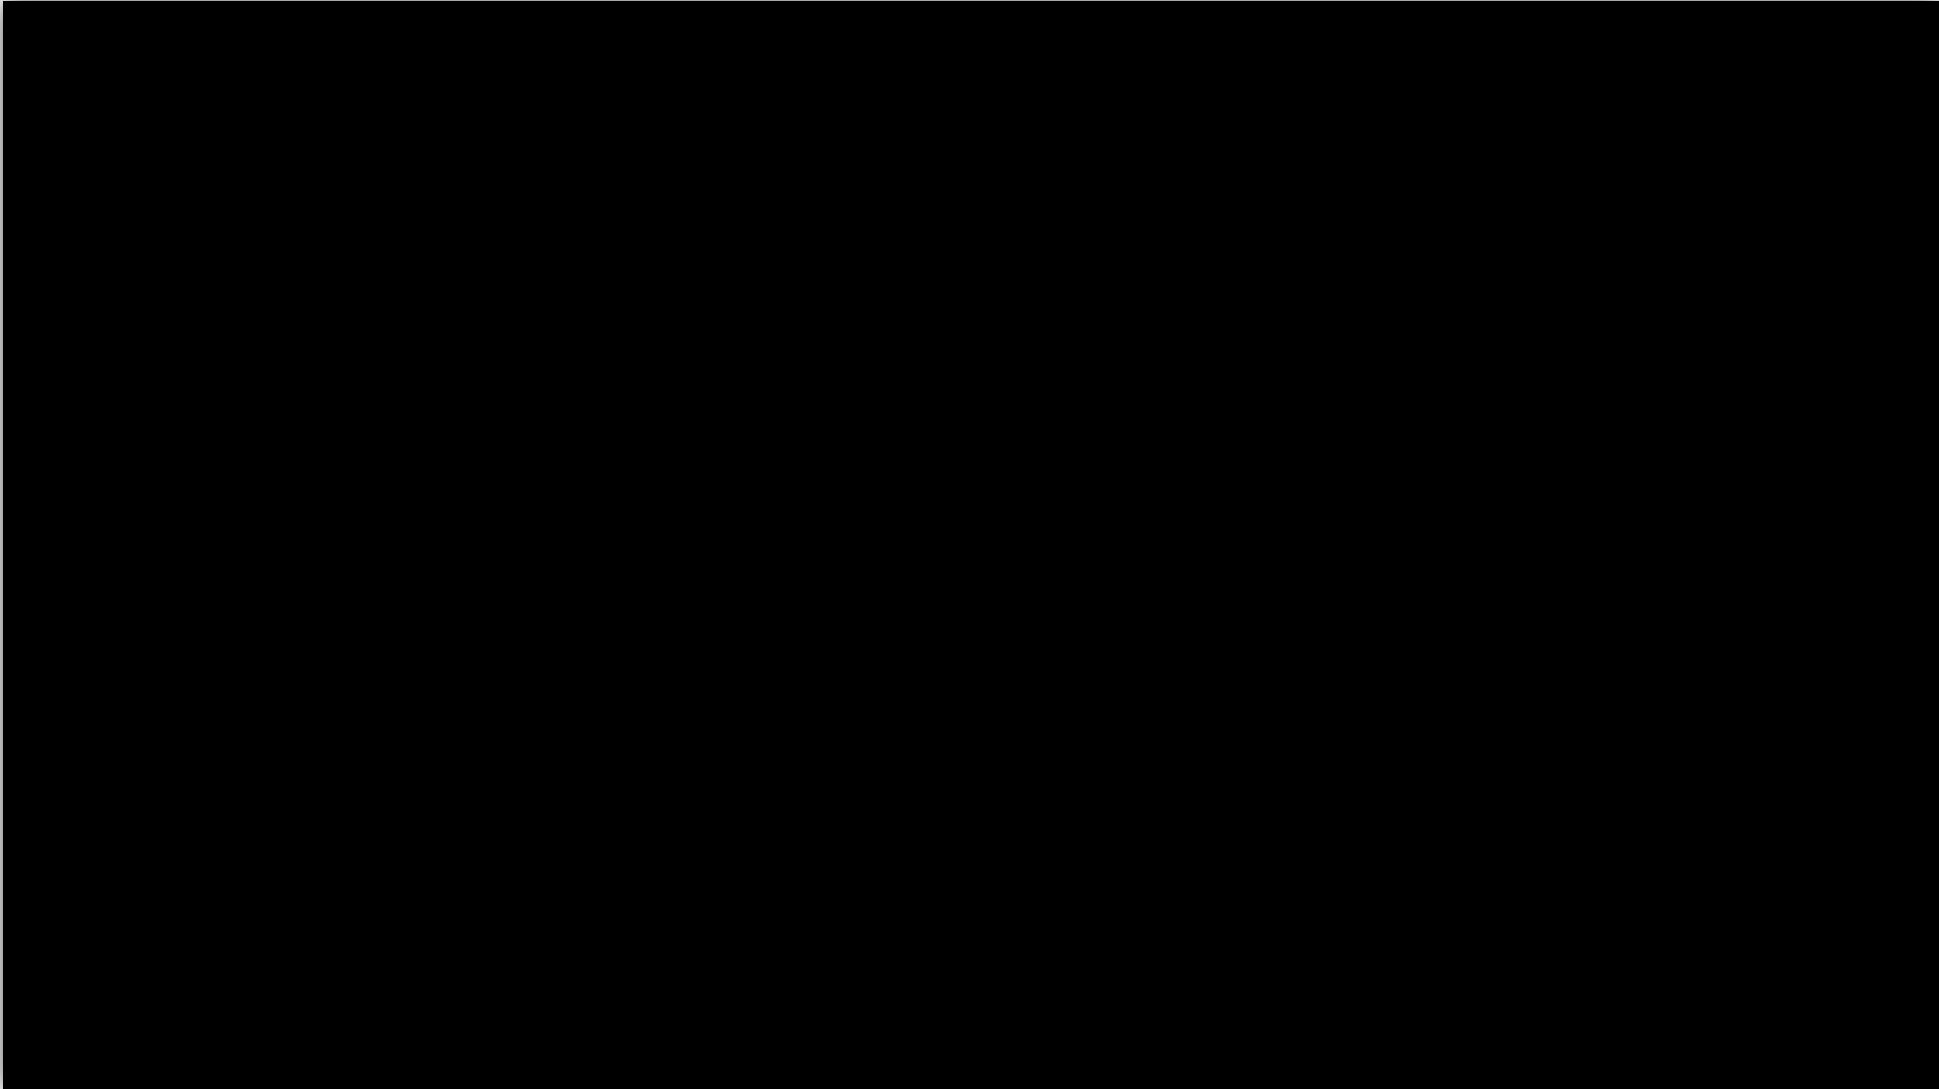

- The film can be used as an advertising medium
(printed with your logo)
- Customised packaging of your product lines –
uniqueness of the packaging for brand
management

DUO Robusta© the new generation of stretch hoods

Slide size	1400 – 4400 mm
Film thickness	70 – 150 µm
Color	<ul style="list-style-type: none">➤ transparent➤ white (opak or translucent)➤ or individually colored
Additives	<ul style="list-style-type: none">➤ UV stabilizer➤ UV absorber➤ antistatic agent
Pre-stretching	<ul style="list-style-type: none">➤ DUO ROBUSTA STRONG < 70 % EVA-free➤ DUO ROBUSTA FLEXIBLE < 100 % EVA-based➤ DUO ROBUSTA EARTH < 70 % Contains min. 30% PCR
Print	<ul style="list-style-type: none">➤ Thermal transfer printing (print width 128 mm)➤ Special projects for printing are possible by arrangement

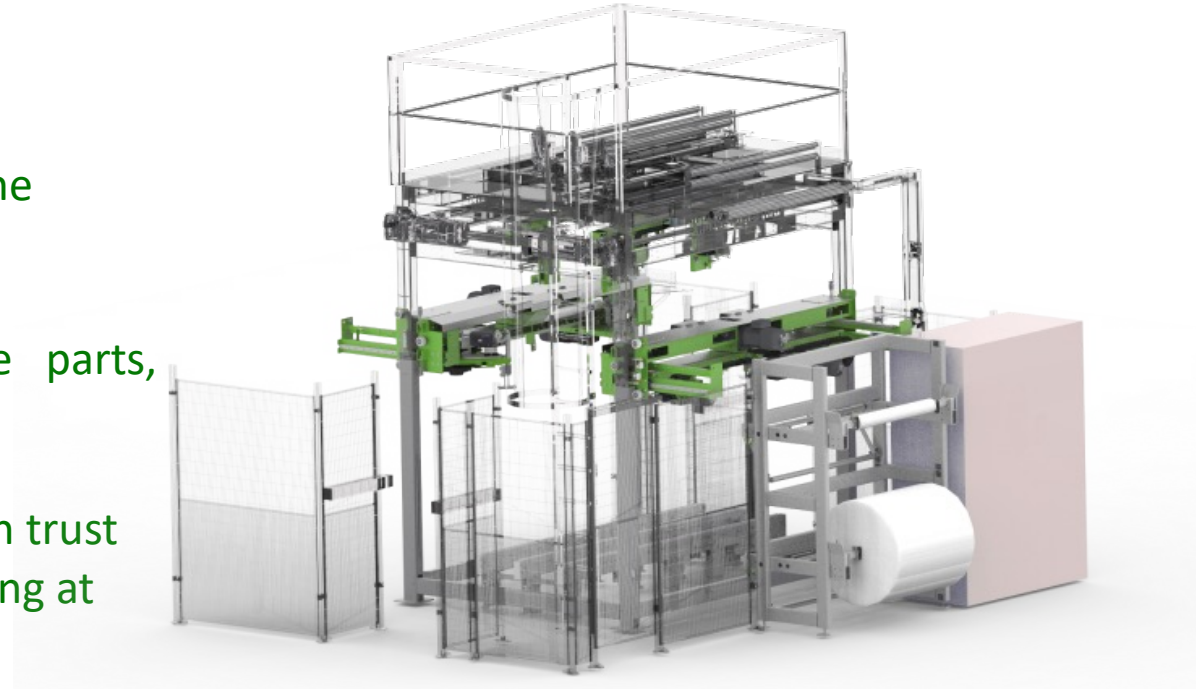

DUO Robusta© the new generation of stretch hoods

For over 30 years, RHM Packaging have been at the forefront of the stretch hood industry.

Our range of services includes maintenance, repairs, spare parts, retrofitting, stretch hood film, and used machines.

With our commitment to delivering high quality solutions, you can trust us to provide the support you need to keep your machinery running at its peak performance.

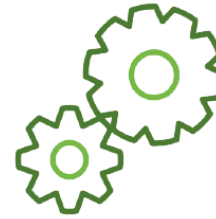

SERVICE & MAINTENANCE

We cost-effective maintenance services for stretch hood machines and tailored solutions to minimize downtime. Regular maintenance helps to prevent defects and extend the lifespan of your equipment, ultimately saving you costs and optimizing your packaging process.

- Short waiting times
- Excellent price-performance ratio
- Expert know-how and reliable support
- Extensive expertise on stretch hoods
- Detailed service reports with

SPARE PARTS

Maximize the lifespan and performance of your stretch hood machine with our spare parts. Our technical support team can assist you in finding the right parts to ensure efficient and reliable operation.

- Fast delivery
- Reliable and wear-resistant materials
- Backed by a guarantee

Projectmanagement for Peat- and substrate industry

Sander van den Pol, the founder of SJP Projects.

With over 15 years of experience in the Peat Moss and Biomass Industry, Sander is a seasoned professional with a wealth of expertise in technical implementation and improvement.

I am passionate about helping businesses optimize their production processes to achieve maximum output and efficiency. I understand the challenges that come with managing a project alongside daily business operations and am committed to providing my clients with a stress-free and seamless experience.

With his extensive knowledge and experience, I am your go-to partner for technical challenges inside your factory. I am dedicated to deliver exceptional results and exceeding your expectations every step of the way.

Choose SJP Projects and let him help you take your business to the next level.

DUO PLAST
AG
YOUR SUCCESS IN OUR FILM!

Projectmanagement for Peat- and substrate industry

Optimalisation of your factory?

We will conduct an in-depth analysis of your factory's current production process, identify areas where improvements can be made, and develop a customized plan to optimize your operation. This may involve integrating new equipment, optimizing software within your current machinery, or implementing new processes to streamline your production.

We take a collaborative approach, working closely with you to ensure that our solutions align with your business objectives. Our goal is to help you achieve optimal output while minimizing downtime and maximizing efficiency.

Projectmanagement?

Our project management services are designed to take as much as possible off your hands during your projects, allowing you to focus on what you do best.

From the start-up and supervision of your project to the finishing touches, we will guide you through the process with expertise and attention to detail.

Spare-parts for your current machines?

SJP Projects can help you with sourcing spare parts for your current machines. We understand how important it is to keep your machines running smoothly and minimize downtime, which is why we offer a comprehensive spare parts service.
